## 1962 "BUILDER OF THE BREED"

"Clarence B. Worden, Glen Cove Farms, Windsor, New York, has risen rapidly to a position of leadership in the Shorthorn fraternity. With his brother, Lewis, since 1952 he has built a herd of exceptional strength as indicated by winnings in important shows and sales, most particularly the 1961 International supreme championship. Although Worden Brothers maintain a herd of registered Holsteins as well as Shorthorns, each numbering approximately 225 head, they have found time to support the breed in every field of promotional endeavor. Clarence Worden's standing in the breed was recognized by his selection to the National Board of Directors. His quiet, studied judgment has made his opinions eagerly sought and highly respected."

## THE GLEN COVE STORY

Nestled in the foothills of the Catskill Mountains on the historic Susquehanna River, the Glen Cove Farms make a picturesque setting for the large pedigreed herds of Shorthorn and Holstein cattle developed by the Wordens.

The present homestead which is over one hundred years old was purchased in 1936 by W. H. Worden after operating the farm on a share basis for some twenty-five years. It consisted then of approximately 700 acres of land and 75 head of dairy cattle of which only a few were registered.

About 1938 Lewis Worden went into partnership with his father, and they started the development of the present day Holstein herd. This relationship terminated in 1949 with Mr. Worden's death, and the present partnership, Worden Bros., Lewis and Clarence, was created.

Since 1949 some 700 acres of land have been added to Glen Cove Farms, the Holstein herd has been increased to 225 head, all registered, and the herd average has reached a high of 540 pounds fat and 15,000 pounds of milk.

In 1952 the present Shorthorn herd was established mainly to better utilize the large acreage and to diversify the operation into a more practical unit. Once again a love for good cattle made it a necessity to find the finest cattle available. The knowledge gained during a lifelong experience with cattle and farming plus youth and enthusiasm has brought the Wordens to their present successful position in the Shorthorn business.

In 1958 Clarence made his first trip to Scotland and purchased one female, Bapton Crocus Tenley, and requested that she be mated to Bapton Roan Robin. The resulting calf born in 1959 was Glen Cove Cairnbrogie. The value of this transaction to Glen Cove Farms can never be estimated. The show record established by Glen Cove Cairnbrogie has been equalled by few bulls and was climaxed by his winning the International Supreme Champion and All American two-year-old awards. Today he stands at Glen Cove with as great a potential as any sire the breed has ever produced.

Many outstanding females have been added to the herd both imported and home bred. The herd's zenith was reached in February with the purchase of the entire Hi Ho herd, long recognized as the leading herd of Shorthorns in the East. Louada Nugget, whose first calves have stamped him as a top breeding bull, was acquired with the herd. Five weeks later he became the American Record Price Shorthorn Bull when a one-third interest was sold to Dave and Pat Lorenz, K. C. Farms, for \$12,000.00. Since then the progeny of Louada Nugget have been acclaimed "outstanding" by visitors from all over North America.

The success story reached a new high in June when the first Nugget son born on Glen Cove soil, Glen Cove Climax, sold at a high figure to Louada Manor Farms, Peterborough, Ontario.

It is the sincere desire and ambition of the Glen Cove organization to be instrumental in the further development of Shorthorns, the largest beef breed in the world. It is the Wordens' hope that some day their lines of breeding will be so potent that every Shorthorn pedigree in America will contain the name of Glen Cove.

## TERMS AND CONDITIONS OF SALE

**TERMS**—The terms of this sale are cash. All settlements must be made with the Clerk immediately at the conclusion of the auction and before the animals are removed.

**GUARANTEE:** All animals selling as a separate lot in this sale are guaranteed to be breeders regardless of age at the time of purchase, except that bulls shall not be allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. Notice of a failure of a bull to breed must be given to Glen Cove Farms at the earliest possible date. When a bull or female fails to comply with the guarantee Glen Cove Farms will have the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial period of not to exceed 6 months. The expense of freight in such cases is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any later substituted.

**REGISTRATION CERTIFICATE**—Certificates of registry and transfer will be furnished with each animal sold. An application of registry will be furnished for all unborn calves.

**HEALTH**—Glen Cove Farms are Federally Certified for Bangs No. C2271 and T.B. Accredited. A health chart will be furnished for each lot, so they can be shipped into any state and Canada.

**ANNOUNCEMENTS**—All announcements made from the auction stand on sale day will be considered final and will take precedence over the matter printed in the catalog.

**LIABILITY**—The above guarantee (terms) shall constitute a contract between Glen Cove Farms (seller) and the buyer of each lot. Neither the sale manager, nor the clerk of the sale assumes any liability, legal or otherwise. Where footnotes appear in this catalog, they were furnished by the owners. We will not be responsible for any accidents that may occur but will make every effort to provide for the comfort and safety of our guests. Accidents at cattle sales are rare, but persons attending must do so at his or her own risk.

## **COMMENTS BY THE SALE MANAGER**

In the ten years that the Wordens have been in the Shorthorn business they have become known for their thorough knowledge of the farming and livestock business, the industry and devotion they give to it, and as fine, gracious people who participate widely in activities to advance their chosen breed.

During this period they developed a large, very high quality herd of Shorthorns headed by their 1961 International Supreme Champion and All American two-year-old, Glen Cove Cairnbrogie, and assisted by two worthy bulls of strong Calrossie breeding, Calrossie Highland Fling and Burnton Anthony. These winnings and their observations of the merits of Shorthorn cattle stimulated the interest of the Wordens so that in February, 1962, they purchased in its entirety the large, well-known and very highly regarded Hi Ho herd developed by Major H. H. Allen and Herschel Allen at Phoenix, Maryland. Unusual attention has been focused on the fact that with the addition of the Hi Ho herd, including such famous breed improving sires as Louada Nugget, Louada Gambler and Louada Factor, the Glen Cove herd has become one of the largest herds and with the greatest potential in North America.

For those who might be new in the business, seeing the Glen Cove herd will be a real thrill and meeting the Worden family will be one of the many pleasures you will find associated with this business. Those who have known the family and herd for sometime will find a warm satisfaction in their success and will be pleased with the opportunity to buy the get and service of their unequalled herd bull battery.

You will want to be present at this history-making event.

H. W. WALKER

## THE WINNING COMBINATION

"Nugget" . . . 774 pound steer, the 1962 Indiana State Fair Grand Champion Steer over all breeds . . . owned and shown by Lois Garriott, Scotsburg, Indiana. "Nugget" is by Louada Nugget and out of a daughter by Louada Gambler.

Glen Cove Climax.

No doubt by now you have heard of Climax. He is the first calf by Nugget born at Glen Cove. His dam, Greenwood Clara 4th, was purchased from Hi Ho in November, 1961, and produced Climax on February 3rd, 1962. From the day he was born, Climax was intended for a future Glen Cove herd sire. In June, Wib Donaldson made a trip to our farm and talked us into sending this great calf to Louada. We were reluctant to part with this calf, but are very proud to have a Nugget son in service in the great Louada herd. Remember the name Glen Cove Climax, and be sure to see him on your next visit to Louada.

★**LOUADA NUGGET —377843—**. Hi Ho Farm, Phoenix, Maryland, purchased him at \$12,200.00, the top price of the 1959 Louada sale. Visitors at Hi Ho were very impressed with Nugget and his calves and the news spread fast. Being closely associated with the Allens and Hi Ho Farms we watched this great Constructor son very closely. When we learned that the Hi Ho herd was to be sold we immediately started negotiations to purchase it in its entirety, since we wanted Nugget and all his progeny. Five weeks after we purchased the Hi Ho herd we sold one-third interest in Nugget to Dave and Patricia Lorenz for \$12,000.00, making him the highest priced American bred bull in history. Since the announcement of this sale, few bulls have been more talked about. **FIVE DAUGHTERS, SEVEN SONS and SEVEN FEMALES MATED TO NUGGET SELL.**

★**CALROSSIE HIGHLAND FLING 2829-420. (396205) =352768=.** This intensely bred Calrossie bull purchased from Reford Gardhouse in 1954 deserves much of the credit for our position in the Shorthorn business today. He, being our first herd sire, was used on females of various types that we had put together for a foundation herd. The uniformity, character, deep bodies and rich red colors that he passed on to his progeny is still very evident in our herd. We are parting with six daughters in our first sale. These undoubtedly will be the last ones offered for sale. We will have some fifteen daughters left. These we will maintain for our breeding program. His first daughter offered at public auction brought \$2,500 in the 1958 International Sale. All his daughters sold to date at public auction have averaged well over \$1,000.

★**HI HO NUGGET 13TH 3094-300.** We feel that this dark roan son of Nugget has as much potential as any bull we have produced. He has a tremendous head and bone and lots of size. His dam, Greenwood Rothes Queen, is from the famous Saltoun Rothes Queen family that has produced many great bulls. It would be difficult to put more great bulls in a pedigree than are found in this one. We have used him on some of our best cows. We would like to reserve the right to show him through Chicago.

★**GLEN COVE ROYAL BLEND 3086-686.** This dark red Bapton Constructor son is one of the few that will be sold this year. He was intended for our own herd bull battery until we bought the Hi Ho herd and Louada Nugget in February. We have used him on a few cows. He comes from one of the best families of the breed. His dam, Louada Blood Royal 11th, has produced three daughters. One sold for \$2,500.00, one for \$4,000, and the third is still at Louada. His dam is a full sister to Louada Beaver, Louada Battleship and Louada Galahad, and a maternal sister to Louada Blood Royal 34th that topped last year's Louada sale at \$5,000.

★**GLEN COVE NUGGET 22D 3114-176.** When Horace Walker inspected our sale offering he persuaded us to sell one son and one daughter of Louada Nugget that we had planned on retaining. This is the bull, a calf out of one of the best Gambler daughters from the Princess Nesta family that we feel has a world of potential. The fact that he was born two weeks too late to show as a junior calf will never hamper his breeding ability.

## **THE BRED HEIFERS**

The following group of bred heifers and young cows are as fine a group as could be put together. We are offering at least one number of most of our cow families. Many carry long service dates. All except two have been examined and found safe in calf, and these may be left here until they are.

Few sales have ever offered a group of females with better pedigrees or carrying service to better bulls than the first Glen Cove Production Sale. We are proud of this offering and will stand behind every animal sold.

## THE OPEN HEIFERS

These eight open heifers make available more offspring from our excellent herd bull battery. A buyer may mate his heifer to his own fine sire, or leave her here to be put in calf to the bull of his choice.

Although not highly fitted, we feel that these eight calves from the heart of our breeding program make a rare buying opportunity. Their dams will all be available for inspection. Most of them will have another calf at foot.

## THE COWS . . .

The following five animals will make sound investments for any cattle breeder. Each has produced a sound calf for us every year, and we are retaining at least one daughter of each. Because of their age and the fact that they will either be nursing calves or right close to calving, they probably will be the bargains of the sale.

**Louada Factor.**

Factor was used in the Hi Ho herd along with Gambler, and many of his daughters were sold in previous Hi Ho sales. Only five remained in the herd at the time we purchased it. Although we are not selling any Factor daughters, we are listing him for reference, as we feel that the best Nugget calves to date are from his daughters. Lot 7 and Lot 43 are examples of this cross, also Glen Cove Nugget 16, a young bull we are retaining. Be sure to see him on sale day.
